Project Overview: Bama Pitch Grader

Current Functionality

Pitches are graded based on predefined ranges and weights. Currently, no way to automatically grade pitches

Desired Functionality

An application to automatically grade pitches based on values entered by the user

The application will be able to grade multiple pitches simultaneously

The weights for each pitch attribute will be editable

Sprint 3 Goals

1

Finalize UI

2

Improve change weights page

3

Pitch recommendations based on score

4

Finalize hosting decision

Sprint 3 Backlog

Task ID	Story	Estimated Hours	Priority	Done?
1	Finalize UI	3	2	Yes
2	Improve change weights page	5	2	Yes
3	Pitch recommendations based on score	4	1	Yes
4	Finalize hosting decision	4	1	Yes

Sprint 3 Reflection

Strengths

- Meeting deadlines

Weaknesses

- Meeting consistently
- Keeping up with documentation
